CAREER OBJECTIVE

Full-Stack .NET Developer with 1 year of experience developing and supporting enterprise web applications using ASP.NET Core, SQL Server, and Angular. Involved in API development, feature enhancements, and bug resolution within Agile teams. Committed to writing maintainable, testable code and delivering reliable software solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering   08/2020 – 03/2024
Rathinam Technical Campus

WORK EXPERIENCE

Software Engineer - Park Corporates   08/2025 – Present
- Designed and developed end-to-end CRUD modules using **C#, ASP.NET Core, Entity Framework and SQL Server** supporting core business workflows
- Implemented **server-side validation, exception handling and error logging** to improve system stability

Software Engineer Trainee - UST Global Technologies   11/2024 – 05/2025
- Contributed to full-stack web application development using **C# (.NET Framework)** and **Angular**, Assisted in developing and maintaining backend components, business logic, and UI features

TECHNICAL SKILLS

Programming Languages
C#, Java

Frontend Technologies
Angular, React Native(Expo), HTML, CSS, JavaScript

Core Concepts
OOP, MVC Architecture, RESTful API Design, Exception Handling

Technologies and Frameworks
- ASP.NET core web api
- Entity Framework
- ADO.Net
- Spring Boot

Databases
MySQL, SQL Server

PROJECTS

Carbon Persona - Full Stack Web Application ⧉
- Developed RESTful APIs to process carbon emission data
- Used **SQL Server** for storing user inputs and historical footprint records
- Designed database schema for activity tracking and emission metrics
- Implemented authentication and session management and Applied layered architecture principles

Uzhavan Mart - Full Stack Web & Mobile Application (Ongoing) ⧉
- Independently developing a multi-platform commerce application supporting product, user, and order workflows.
- Solely responsible for **end-to-end application development**, from UI/UX design to deployment-ready implementation
- Implementing backend APIs, database interactions, and frontend integration to enable seamless product, user, and order management.

CERTIFICATIONS

- - Introduction to Cyber Security - Future Skills Prime ⧉
- - Python for Data Science - Infosys Springboard ⧉
- - Introduction to Artificial Intelligence - Infosys Springboard ⧉
- - Introduction to Internet of Things - Cisco ⧉

KEY ACHIEVEMENTS

Awarded 1st prize in Codigo coding competition.

Secured 1st prize in Datathon presentation.
